

BUILDING TRUST HEAD SENTENCED TO TERM IN PEN

Crowd Cheers Labor Leader As He Is Led To Cell.

(By the Associated Press)
NEW YORK, Feb. 8.—Robert P. Brindell, president of the Building Trades Council, convicted of extortion from builders, was sentenced today by Supreme Court Justice McAvoy to serve from five to ten years in the state prison.

Brindell, who is one of the highest paid labor leaders in the United States, was convicted on evidence uncontradicted by the joint legislative committee investigating the building trust.

The labor leader took the sentence stoically, he neither smiled or looked worried. He stood with his attorney as the court denied his motion for a new trial.

Hundreds of Brindell's friends and labor associates gave him a rousing demonstration as he was led across the Bridge of Sighs to the toms.

Somebody mentioned the name of Samuel Utter, chief counsel for the prosecution, and there was a storm of hisses, Counsel for the labor leader announced that an appeal would be taken from the conviction at once and the case will be taken to the United States supreme court if necessary.

Street Ordinance Passed.
(By the Associated Press)
BARTLESVILLE, Feb. 5.—An ordinance providing for the arrest of any persons caught on the street here between 1 o'clock and 5 o'clock in the morning, has been passed by the city commissioners. Those who can furnish sufficient evidence of good faith will be exempt, the ordinance adds.

Persons violating any of the provisions of the ordinance will be punished by a fine of from \$1 to \$10, the ordinance reads, the passage of which was for "the preservation of the public peace, health and safety" of the community.

Houseboat on
Mud, Harding
Plays Golf

President-elect Goes Ashore To Meet His Old Friends.

(By the Associated Press)
DAYTON, Fla., Feb. 8.—President-elect Harding spent today playing golf and renewing old acquaintances in Daytona, Sea Breeze and Ormond, while he waited for the houseboat "Victoria" to take him aboard here for the last leg of his vacation cruise along the Florida coast.

Mr. Harding already is two days overdue at St. Augustine, which will be his headquarters during the remainder of February, but all conflicting engagements have been cancelled to permit him to complete his journey there. The houseboat is expected to reach here late this afternoon, a tug having been sent to pull her out of the mud reef in Mosquito Lagoon below New Smyrna, where she stranded yesterday.

WASHINGTON, Feb. 8.—Shipment of liquor from one foreign country to another via the United States is prohibited by the national prohibition act, according to an opinion by Attorney General Negander, made public today by assistant secretary of the treasury, McClean.

KENDALL COLLEGE NOW
UNIVERSITY OF TULSA

(By the Associated Press)
TULSA, Feb. 8.—The University of Tulsa was born here today and Kendall College, the only Presbyterian school in the state, passed out of existence. However, the school will still be under the Presbyterian synod. Impressive ceremonies were to mark the official passing of the old school founded at Muskogee many years ago. Governor Robertson was unable to attend and will be represented by State Treasurer Leach, who will officially present the charter.

Notable educators from various sections of the state were due here to attend the ceremonials.

A headline says the dry law is winked at, but it all depends on the bartender whether the wink gets results.

Mistaken for Another, Youth Is Shot Dead

Uncle Thought He Was Father-in-Law, Fired Fatal Shot.

(By the Associated Press)
OKMULGEE, Feb. 8.—Frank Pruitt, 19, was shot and killed last night at the home of his uncle, Elie Daniel Tyler, west of Beggs, Tyler, who surrendered, admitted the killing, according to officers, but declared that he shot his nephew by mistake for his father-in-law, G. A. Hutchinson, Deputy Sheriff Stubbfield, who made the arrest, says that Tyler informed him that the shooting was a result of family trouble, which started after his wife's parents had moved into his home.

MUSIC MEMORY CONTESTS IN PUBLIC SCHOOLS ARE ON

(By the Associated Press)
MUSKOGEE, Feb. 5.—Community Service has established music memory contests in the public schools of the city to stimulate interest in standard music among the coming generation. The contests started this week, during which the school children will be given an opportunity to test their knowledge of the world's greatest compositions.

The preliminary contest, which includes the recognition by ear of 30 standard pieces, will last for six weeks. Those making a 50 per cent record in this contest will be entered for the finals, which will contain more difficult numbers.

In determining the contest winners, three points are given for the name of the composition, two for the name of the composer and one point deducted for each misspelled word. A prize will probably be awarded.

Famous Singer Is Heard At Lions Club Meeting

The Lions club luncheon and program at the Harris hotel today was easily the best in the history of the club.

Besides the regular club members and their individual guests, the club had as special guests Albert and Mrs. Lindquest, and Mr. McDonald and Dr. Puffer.

Albert Lindquest is believed to be the country's very best tenor and he is called the "man with a voice of gold."

As he sang his famous "Tommy Lad" to the fathers and business men of the Lions club, his hearers were visibly touched by the naturalness, the pathos and feeling expressed by the artist.

The second number was a folk song of the Scottish Highlanders and two more acceptable numbers could not have been better selected.

He was accompanied by Mr. McDonald whose splendid work on the piano makes a Lindquest program doubly acceptable.

Dr. Puffer, noted educator from Boston, spoke at length upon the question of education and training of the child.

He begged the fathers to adopt the positive plan with the boys rather than the negative, and showed them the futility of speaking to a boy about the evils of smoking when every man who passed was puffing the "obnoxious weed," and insisted that we give the boy or girl the positive plan of development, physically, mentally and morally.

Dr. Puffer spoke at the Normal at 10 o'clock on the subject "Choosing Your Life Work," and again at the high school this afternoon.

The committee from the civic improvement club or "Better Cities" organization attended the luncheon in a body and enjoyed the splendid program.

The luncheon, served in two courses by the hotel management, was delightfully refreshing and was greatly enjoyed by everyone.

The disappointment necessarily apparent at the failure of President Gowing to arrive in time for the luncheon was bridged by Vice-President Sugg who presided as toastmaster at the luncheon and chairman of the meeting.

The meeting was opened properly by Secretary Schlenker calling the roll and reading the minutes.

Professor Pentem of the High School and chairman of the Committee Lyceum bureau, made the announcements for tonight's program at the Methodist church.

It seemed impossible to avoid the clash between the two splendid programs coming to Ada for today only. However, the crowd is to have the splendid treat of both numbers the same evening.

The Lindquest concert will begin at 7:15 and Dr. Puffer will deliver his splendid lecture beginning at 8:30.

NO SECRET PACT WANTED WITH JAPS SAYS JOHNSON

California Senator Does the "Ghost Dance" to Exclude Aliens.

(By the Associated Press)
WASHINGTON, Feb. 8.—At the instance of Senator Johnson, republican of California, the senate foreign relations committee today directed Chairman Lodge to ask Secretary Colby, if not incompatible with the public interests, to submit to the committee a copy of the agreement reached by Ambassador Morris and Sudekhar, regarding a new treaty to deal with the situation resulting from the adoption by California of an alien land law.

Senator Johnson urged that the agreement be made public and this precipitated a lengthy discussion in executive session of the committee. Senator Johnson demanded recently that the state department make the agreement public, declaring that it was simply another "ghost dance" over the proposed treaty.

Secretary Colby's reply to this demand was that he did not propose to join Senator Johnson in a "ghost dance" over the proposed treaty.

Negotiations between the United States and the Japan still are incomplete and the draft agreement remains to be approved by both state department and the Tokio foreign office. State department officials have stated that it will not be possible to conclude the negotiations before the change of administration on March 4.

Soft Drink Stand Owner Is Found Guilty of Murder.

(By the Associated Press)
OKLAHOMA CITY, Feb. 8.—More than 200 members of the Oklahoma Retail Clothiers' association and the Men's Apparel Club of Oklahoma, opened a two-day convention here today. It is the sixth annual meeting of the two associations.

A welcome address by the president of the Oklahoma City chamber of commerce and an address by C. E. Wray, secretary of the National Clothiers' association, opened the meeting this morning.

A formal discussion of business problems occupied the time until the noon hour.

Dave Franke of Okmulgee, president of the retailers' association, spoke to the convention this afternoon, followed by the report of the secretary and treasurer, Paul Madansky of Oklahoma City.

The feature of the convention will be an address on "Community Co-operation" delivered by Ben R. Vardaman of Chicago, director of the educational bureau of the national association.

German to Be Heard. Hungary Kicks.

(By the Associated Press)
BERLIN, Feb. 8.—The German government has accepted the invitation to participate in the allied conference on reparation in London March 1, it was announced here today.

WASHINGTON, Feb. 8.—Representations have been made to the state department by the Hungarian government concerning the manner of deportation of undesirable aliens from the United States.

STATE LEGISLATORS TO SHAKE SHIMMY

OKLAHOMA CITY, Feb. 8.—A corps of decorators is busy today at the state house preparing the several corridors and chambers for the whirl of gaiety that is to mark the ball to be given tonight to members of the legislature by the Oklahoma City chamber of commerce. It is expected that approximately two thousand persons will attend the ball.

COMPLETE ROAD SYSTEM LATE NEXT SUMMER

(By the Associated Press)
TULSA, Feb. 7.—Tulsa county officials and County Engineer Dan Patton predict that Tulsa county's system of hard-surfaced roads will be well on the way to completion by late next summer, if not completed then, in view of arrangements being made to resume road work on a large scale this spring.

Included in the program are: The Tulsa-Bixby road, a distance of seven miles; an eight mile stretch of unpaved surface on the Tulsa-Broken Arrow road; 13 1-2 miles of the Tulsa-Skiatook road; two miles on the Dawson road and eight miles on the Ozark train to Owasso. The Tulsa-Jenks and Sand Springs-Keystone roads will easily be completed this summer, it is believed. In all, over 50 miles of uncompleted contracts are scheduled for attention early this spring.

A strange man entered the house while I was at my work, grabbed me, pushed a gas into my mouth and tied my hands behind me," Mrs. Holt declared. "He then began a thorough search of the house, but finally left, remarking 'I guess I'm in the wrong house.' He offered no other violence after tying me up and made no threats."

Albert Lindquest and Adam Puffer Lecture will be tonight at the Methodist Church. The greatest program Ada has ever had.

Rep. Edward J. King.

Representative King of Illinois has introduced a bill providing for the freedom of the Philippines with the qualifications that the U. S. retain desired military and naval bases about the islands.

CONFESSOR MAY CLEAR THE BOMB THROWERS

(By the Associated Press)
NEW YORK, Feb. 8.—Frank P. Walsh, counsel for J. P. Mooney, convicted of murder in San Francisco, in connection with the "preparation day" bomb explosion in 1916, early today telegraphed San Francisco authorities apprising them of an alleged confession by one of the witnesses in the case, that he had given perjured testimony at the trial.

A special grand jury now is investigating an alleged conspiracy to convict Mooney. The witness named by Walsh was John McDowell, now a resident of Trenton, New Jersey, with whom Mr. Walsh had a long conference last night. According to Walsh, McDowell declared in an affidavit covering 30 typewritten pages that the case against Mooney was a "frame-up."

Nine persons were killed in the "preparation day" parade.

Mooney was sentenced to death and Billings, another defendant, to life imprisonment. After every appeal from sentence had failed, President Wilson interceded in Mooney's behalf and the sentence was commuted to life imprisonment.

Local I. O. O. F. Will Hold Encampment Here This Evening

The Ada Odd Fellows Encampment No. 17 will meet tonight in the lodge hall for the purpose of putting on a class of about fifty members in the three degrees. The candidates will come from several different places and older lodge members will come from Oklahoma City, Francis, Stonewall, Maxwell, Roff, Stratford and other neighboring towns.

The lodge has been meeting twice a year for this work, but it is now expected to meet oftener as it is the only lodge south of Oklahoma City in the state, and the membership is steadily growing. All members are requested to be present and all visiting lodge members are invited to attend also. A great time is promised for all who are present and a committee has been busy for sometime making preparations for the event.

Refreshments will be served at 12 o'clock to the assembly and the lodge will then be dismissed.

England Not Racing For Great Sea Power

British Writer Says Russia Must Be Drawn Back Into Nations Fold.

(By the Associated Press)
WASHINGTON, Feb. 8.—Great Britain will not undertake a race with the United States for sea power, Sir Philip Gibbs, British war correspondent, declared today before the house naval committee. "England hasn't the money," he said, "and most Englishmen do not regard the American navy as a menace."

Sir Philip said that before any agreement for disarmament could be reached by the European powers, the Russian question would have to be settled and the Russians drawn back into the family of nations. Representatives of the Russian soviet government should by all means be included in any conference to discuss armament, he declared. He characterized the Russian Red army as the greatest military menace in the world.

Ask Impeachment of Lieut.-Governor Trapp

Investigators Tell Legislators He Got Money by Fraud.

(By the Associated Press)
OKLAHOMA CITY, Feb. 8.—Impeachment of Lieutenant Governor Trapp, of Oklahoma, for alleged fraud and alleged false claims in connection with bond purchases in Seminole and Adair counties, is recommended in a report read in the lower house of the legislature this afternoon, by the house investigating committee.

The report was signed by R. H. Matthews, republican of Pittsburg county, who is chairman of the committee. Porter Newman of Bryan county, democrat member of the committee, suggested that no action upon the report be taken until tomorrow.

The report further recommends that the house appoint a special committee to draft impeachment charges.

The report recommended that the county attorney of Seminole county be advised to launch an investigation of the matter contained in the report and to start criminal and civil proceedings as a means of punishment and to recover the money lost as far as possible. The first of the specifications lodged by the committee against the lieutenant governor is that on September 1, 1919, he filed suit in the Seminole county court against the board of county commissioners for the collection of \$53,434.80, alleged indebtedness to him; that he made affidavit charging the debt in that amount and that on the same day judgment was rendered in court for the amount of the claim.

The report declared the county was not indebted to Trapp at the time for any amount, and that "no proper evidence of debt was delivered by Trapp after the money had been paid him." The report charges "conspiracy" between Trapp and the county commissioners and the county to present fraudulent claims and get judgment."

NYTROGLYCERINE BLOWS UP SCHOOL

Boy Finds Can Containing Explosive, Catastrophe Follows.

(By the Associated Press)
LAWRENCEVILLE, Ill., Feb. 8.—A verdict of "accident" was returned by a coroner's jury, which today investigated the death of eight persons, killed in an explosion yesterday at the cross roads school, three miles west of here. Another boy is expected to die.

Emmett Fayuan, 30 years old, teacher of the school and seven boy pupils were killed in the blast, which occurred when one of the boys attempted to remove the cap of a can containing nitroglycerine. The can was found in a creek near the school house and Lawrence officials investigating the explosion today found several other cans in the vicinity. The cans had been emptied, but officials explained that sufficient nitroglycerine had agglutinated to the inner sides of the can to cause an explosion of yesterday's intensity.

A search is being made for other cans to prevent other possible blasts.

Army Bill Passes.
(By the Associated Press)
WASHINGTON, Feb. 8.—The army appropriation bill carrying approximately three hundred, twenty-nine million dollars and providing for a force of only one hundred and fifty thousand men in 1922, was passed today by the house and sent to the senate.

WOMAN BOUND AND GAGGED AS ROBBER HUNTS FOR PAPERS

CUSTER CITY.—Harry Holt is mystified over an attack on his wife late Wednesday by a burglar who entered his home here, bound and gagged Mrs. Holt and searched the entire premises for "some missing papers" and then disappeared, leaving the woman trussed to a bed post.

"A strange man entered the house while I was at my work, grabbed me, pushed a gas into my mouth and tied my hands behind me," Mrs. Holt declared. "He then began a thorough search of the house, but finally left, remarking 'I guess I'm in the wrong house.' He offered no other violence after tying me up and made no threats."

Tonight and Wednesday generally fair.

Lyceum Recital Tonight Instead of Tomorrow Night

The recital which has been advertised to take place at the Normal tomorrow night in which Albert Lindquest, the American tenor with a "voice of gold," will be the leading character, will be held tonight at the Methodist church instead, and immediately following the recital Dr. J. Adams Puffer will deliver his famous lecture in behalf of the "Better Cities Campaign."

Through an error on the part of the Lyceum company, Mr. and Mrs. Lindquest and Robert MacDonald arrived in the city last evening prepared to give their recital tonight instead of tomorrow night. A joint conference was held by the business men of the city, Mr. Lindquest and Dr. Puffer, and it was decided to combine the two programs and have them both at the Methodist church tonight.

The recital will begin promptly at 7:15 p. m. and will last about one hour and fifteen minutes. Dr. Puffer will begin his lecture immediately after the recital.

NO DISCHARGE IN THAT WAR: There is no man that hath power over the spirit to retain the spirit; neither hath he power in the day of death: and there is no discharge in that war.—Ecd. 8: 8.

LIFE TERM FOR ROBBERS.

There is merit in the bill now before the legislature to raise from 20 years to life imprisonment the maximum penalty for robbery. Its effectiveness of the law would depend on the frequency with which the full penalty is imposed.

The highway robber is an armed man, desperate and reckless. He convinces himself of a willingness to kill when he presses the muzzle of a revolver against the ribs of his victim. The mere thought that there are such characters causes the good citizen a certain nervousness when he must walk home alone at an advanced hour from his office, his club or the home of neighbors.

Ada has felt but slight reflection of the crime wave which swept over the country the early part of the winter. One or two pedestrians were held up, and a number of places were broken into. But because there were no killings is no insurance that the robber will not shoot.

When the confirmed criminal needs money badly, his lack of normal mentality will cause him to take chances even with the noose. But all robberies are not by confirmed criminals; some of them are committed by men temporarily down on their luck, men seeking "easy money" and trying crime as an experiment, or men intoxicated. It is such as these, and they are a large number, who would be deterred by the thought of a law which provides life imprisonment, and the thought of courts willing to impose that punishment.

Highway robbery is one of the crimes for which there is no extenuation. The committing of it is prima facie evidence that it was deliberately planned, as the possession by the robber of the inevitable weapon is prima facie evidence that he is prepared to do murder.

BUILD A FOUNDATION.

There was a sign in a savings bank window the other day which said: "If you dream castles in the air, save and put a foundation under them."

Once there was a young man who had always dreamed of being wealthy. As a boy he pictured himself dressed in the height of fashion, snappy cut to his clothes, and all that, walking down Main street. People on the sidewalk would point him out, saying, "Yes, there's Sam Green, young fellow, but smart. Yes, sir, smart. Owns that big house on the hill, and has got a good pile salted down already. Must be worth \$100,000."

So Sam, as an initial step toward wealth, saved, and after a time reached his first goal, the \$1,000 goal after which, 'tis said, the money just grows.

But about this time Sam got a girl, and then he wanted to make a splurge. He wasn't going to take her into any little two by four house; he was going to have that house on the hill. So Sam began looking around for ways to help that \$1,000 grow, and like many a thrifty, but too impatient young man, bought wildcat stock. And the \$1,000 was gone and with it Sam's dream of the house on the hill and all the rest.

To return to the ad in the bank window, "If you dream castles in the air, save and put a foundation under them." But be sure the foundation is a solid one.

TAX PROBLEMS.

The biggest trouble with the federal system just now, so far as business is concerned, is that the excess profits taxes and the higher income surtaxes have interfered with the most essential reliances of business, which are its own profits invested capital from large incomes. In a period of slackening trade these taxes threaten to absorb the resources on which business always has been accustomed to depend.

This is why congress has a difficult and important task in deciding on a readjustment of the taxation system in a way that will not cripple industry.

Another big tax problem for consideration and adjustment so far as possible is a lightening of the burden on the common people. If the government spends \$4,000,000,000 a year, it asks that every family contribute on the average \$200 apiece to support it. And \$200 per family is a lot of money. To millions the raising of it is a task of the most serious sort.

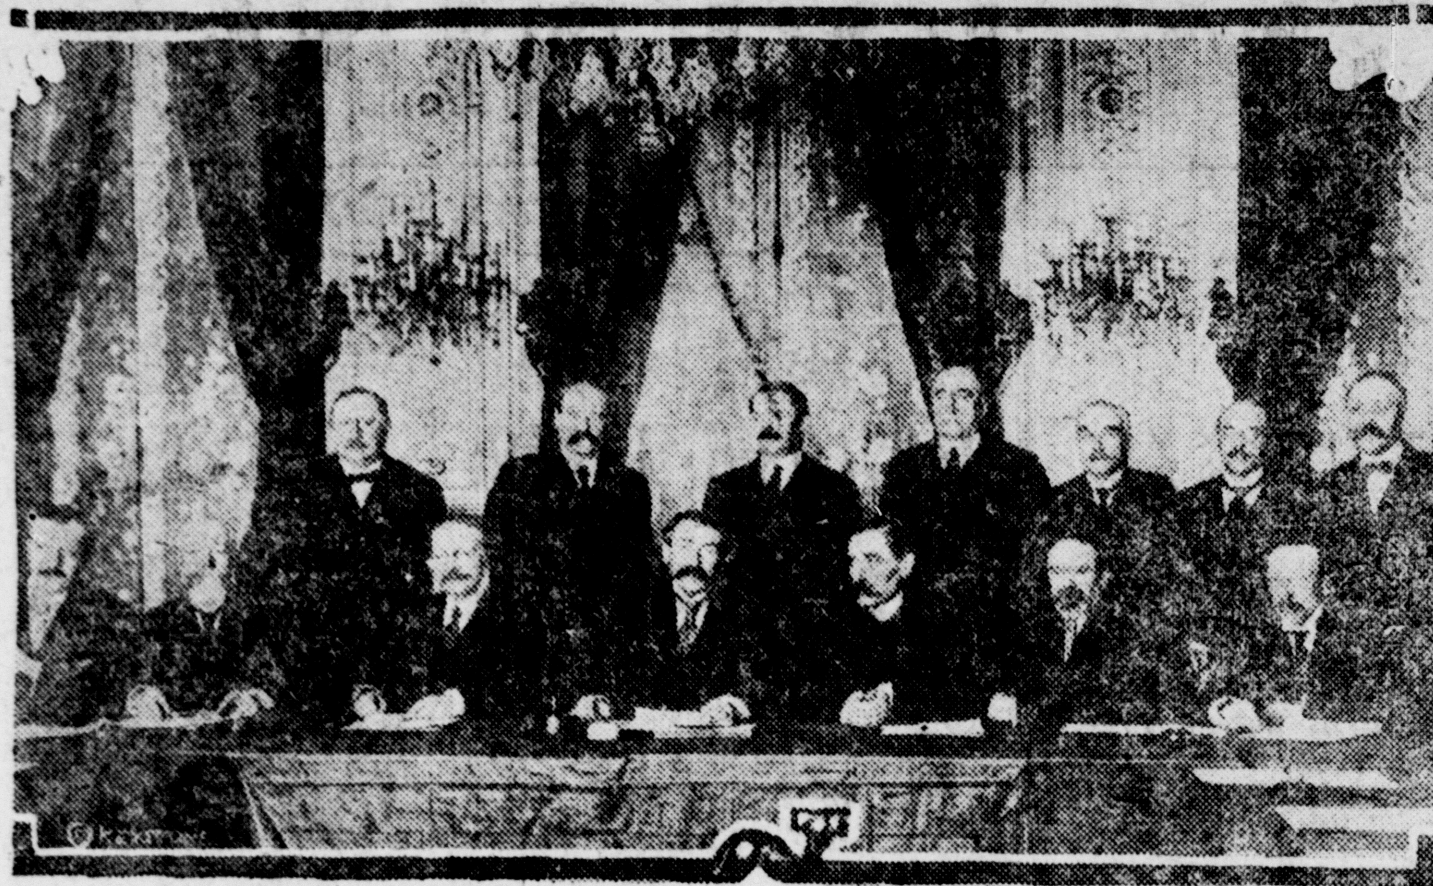

Of course, this problem will be partly solved by the discontinuance of extravagance on the part of bureaus and departments. As long as a government continues to spend millions needlessly, the people will be compelled to contribute millions needlessly.

The gloom that is settling over the United States senate is probably caused by the thought that only a month of talking days remains in which to abuse Wilson.

Less interest in economy than in votes is shown by a Republican congress which preaches economy and then increases the appropriation for free seeds to \$360,000.

The person who is chronically hard up generally finds that pawns play an important part in his game of life.

THESE MEN ARE TRYING TO SOLVE FRANCE'S PROBLEMS

The new French cabinet, photographed at Premier Briand's office. Sitting, left to right: M. Maginot, minister of pensions; Paul Doumer, minister of finance; Bonnevay, minister of justice; Aristide Briand, president of the council; M. P. Marraud, minister of interior; M. Barthou, minister of war; M. Bernard, minister of art. Standing, left to right: M. Dior, minister of commerce; M. Le Troquer, minister of public works; Daniel Voinet, minister of labor; M. Leredu, minister of hygiene; M. Guisthau, minister of marine; Albert Serraut, minister of freed districts, and M. Lefebvre du Prey, minister of agriculture.

This photo, just received in the U. S., shows the men Premier Aristide Briand has grouped around him in the hope of set-

ting France's problems. The collecting of the war debt from Germany, the stabilizing of the financial situation at home and

the other problems of reconstruction are the most important ones which face the new premier and his colleagues.

The Forum of the Press

Bald Evening: After a fellow has pulled all kinds of wires and worked like thunder to get a job, the newspaper reporters say he has accepted a position.

Conkrate Record-Register: The human race is divided into two classes: Those who go ahead and do something, and those who sit and ask: "Why wasn't it done the other way?"

St. Joseph News-Press: The sense of the latest ruling on the subject of home crew seems to be that the department strongly disapproves of it but will probably turn its face the other way if you insist on brewing.

Bartlesville Enterprise: New styles will call for brushing the hair back from the ears. The next crop of ears having the benefit of being sunshine, cleansing showers and healthful air should be the biggest the girls have ever produced.

Bartlesville Examiner: Booze has been acquitted of being the cause of the crime wave and the movie has had to answer "present" to the court of public opinion. In the end the movie will be acquitted but some of the more lurid phases will be eliminated.

Joplin Globe: "Since President Wilson became ill a president of France has resigned on account of ill health. As fighting Americans, we can't help but feel glad that our president did not resign, that he stuck it out and that he is going to be able to stick out to the end of his term. Somehow it seems in line with what we would expect of any good American."

Bartlesville Enterprise: A. J. Ried of Drumright serves notice on the public that he and his wife have divided their possessions. "She gets all the real estate," his notice says, "and I get to pay a dollar a day board and sleep in the wood shed." If Mrs. Ried is any sort of a provider he is getting the good end of the deal.

Bartlesville Examiner: An old maid inquired of Dr. D. Udley yesterday if the flu was contagious. "Sure," says Doc. And while he was making an examination with his flashlight he says, "When did this man with the flu kiss you?" "Six months ago," she replied. "But madam—" "I know," she said coyly, "but it's so nice to talk about it."

Okmulgee Times: Quite a few celebrated citizens first saw the light of day in the month of February. For instance: Horace Greeley, Aaron Burr, W. T. Sherman, William Henry Harrison, Samuel J. Almost a Shadow, Afraid To Eat

"My son-in-law was so bad from stomach trouble that he was reduced to almost a shadow and was afraid to eat anything, as all food caused bloating of gas which pressed against his heart, worrying him very much. Our druggist persuaded him to try May's Wonderful Remedy and in two months he looked fine, can eat anything and works hard every day." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

Court House News

The preliminary hearing of Emmett Bales has been placed on the calendar for trial in Judge Brown's court Wednesday morning, but it is possible that the case will be postponed as Joe Hall, one of the men Bales is said to have shot, may not be able to attend the trial.

Two charges have been lodged against Bales, both for alleged assault with intent to kill. One case will be tried in Judge Fisher's court and the other in Judge Brown's.

Bales was also injured in the shooting affray at the Lulu depot which led to his arrest two weeks ago. It is said that he is now at a private home in this city convalescing from his injuries, which were not of a very serious nature.

Fined and Jailed
Fred Chapman pleaded guilty to a charge of public drunkenness in Judge Brown's court Monday and was fined \$10 and given ten days in jail. Chapman was arrested in the courthouse in a drunken condition.

KIDS CAUSE MUCH TROUBLE IN SCHOOL

OKMULGEE, Feb. 8.—Clyde Bennett, school teacher, declared he didn't believe in "sparing the rod and spoiling the child," but when it came to a blanket order to whip every child in school to ascertain the identity of two who gave vent to their anger by blows at each other's noses, he was ready to quit.

Mr. Bennett resigned. The story was unraveled from the office of the county attorney, when the district school board and N. O. Hopkins, superintendent of county schools, dismissed the case against Mrs. Edna Jordan, for her alleged refusal to send her children to school.

The case was the outgrowth of the order which provided that the teacher should "spank" every boy

in school who refused to "tell" on the lads who furnished the feature event of the fistie program. Shortly after the order was issued, Mrs. Jordan took her children from school, and to make a test case on a ruling providing for the compulsory education law, Mrs. Jordan was cited in a warrant.

Mrs. Jordan's hearing was set before a justice of the peace at Beggs, but later transferred to Okmulgee. Scores of witnesses came to the hearing, but the hearing resulted in a hung jury. The case rested for two or three weeks and was dismissed.

Durant Democrat: An eleven year old boy, the son of a well-known farmer, living near Sherman, was accidentally killed by a shot gun which was "not loaded." Just why people keep loaded guns around the home will never be explained. The little boy, with a chum, was taking the gun apart, and in pulling the trigger, was discharged, the entire load entering the head killing the child instantly.

GROOM REVERSES ORDER BY KISSING JUSTICE OF PEACE

Miss Alice J. O'Neill, justice of the peace of Greenwich, Conn.

Miss Alice J. O'Neill, first woman justice of the peace of Greenwich, Conn., wondered what would happen at the first marriage she performed, for it has been the custom of Greenwich justices to kiss the bride and groom. She decided to do this, and she did it right before her by gallantly kissing her. He was W. Ogden of Brooklyn, Md., and he did it right before his bride, who was Miss Sallie George of Coffin Hill, Va.

McSwain.

Robert W. Chambers' popular novel, "The Fighting Chance," has been produced on the screen as a Paramount picture, and will be the feature attraction at the McSwain theatre today. Conrad Naeve and Anna Q. Nilson have the leading roles. "The Fighting Chance" is the story of a seaman of an aristocratic old New York family, Stephen Seward, who has inherited a taste for strong drink. His weakness bids fair to conquer him, until he meets Sylvia Landis, a fashionable week-end party in the country. She is engaged to marry Stephen's chief enemy, Quarrier, who has already done young Seward much harm in a social and business way. But, seizing the "fighting chance" of winning Sylvia and overcoming his failing for alcohol at the same time, Stephen engages in a dramatic battle and finally comes out successful. "The Fighting Chance" has the high society background for which Mr. Chambers is famous. Dorothy Davenport, Bertram Grassby, and Maude Wayne are included in the cast. Charles Maigne directed the picture.

THE LEGISLATURE

(By the Associated Press)

OKLAHOMA CITY, Feb. 8.—Both branches of the Oklahoma legislature were today prepared to continue consideration of appropriations for the maintenance of state departments and institutions. In the senate an investigation of the deficiency certificates, issued by Governor Robertson, commenced yesterday, is expected to be continued. In the house the introduction of a budget bill asking appropriations for state institutions for the next two years, is scheduled. Announcement was made yesterday by the appropriation committee, that the bill probably would be introduced today.

The discussion yesterday in the upper house with regard to the deficiency certificates issued by Governor Robertson was one of the hottest of the sessions. The senate divided over the question of whether it had the right to refuse to redeem such paper outstanding in banks over the state. After a three hour argument the senate voted to take up the deficiency bill item for item. Before the first item was passed upon a motion for adjournment carried. The bill provided \$223,376.00 in deficiency.

Women Men Admire.

Men admire a pretty face, a good figure, but most of all the happy, healthy, contented woman, as beauty fades the figure will change. Women who are troubled with backache, headaches, those dreadful dragging sensations, and nervous irritability, cannot hope to be popular, and advancement in either home, business or social life is impossible. The cause of these troubles, however, yields quickly to Lydia E. Pinkham's Vegetable Compound, as it is a natural restorative for such conditions, and dispels effectually all those distressing symptoms.

Improvement Club Is Launched By Hays School Pupils

Last Thursday morning the teachers and pupils of the Hays school decided to organize an improvement club, the purpose of which is to raise money to purchase equipment for the play ground and class rooms. There was a total enrollment of 238 members. Mr. Emerson was elected president, J. P. Jones, secretary, and Miss Heard, treasurer.

The club decided to make Friday tag day for Hays school. A contest was put on between the various rooms, and a prize was offered to the room selling the most tags.

Both pupils and teachers were very enthusiastic. The patrons responded readily to the sale of the tags, and a very neat sum was obtained. The rooms that took part in the sale of tags are as follows in the order of the amount sold by each. Mr. Emerson's room, \$17; Miss Thompson's, \$13.76; Mrs. Adair's, \$12.78; Miss Bate's, \$12.11; Miss Heard's, \$8.96; Mrs. Smith's, \$5.07; Mrs. Gray's, \$5.05; and Mrs. Edwards', \$4.91.

The total amount of the sale was \$79.64.

The Eighth grade room won the prize for selling the most tags. This event proved to be such an incentive, that the Hays Improvement Club will be heard of often in the future. Watch our movement. We are going to grow.

News From the Hospital

Ernest Archer, whose home is eight miles northwest of Ada, had his left limb amputated between the thigh and knee at the hospital Friday, and is getting along nicely at this time. The amputation was made necessary by a diseased knee which threatened to kill the young man.

Drew Page, son of Mr. and Mrs. B. R. Page west sixteenth is recovering from a successful operation for appendicitis which was performed at the hospital Saturday.

G. E. Nance, Jr., who was injured a week ago when a heavy timber fell and struck him on the head is improving and will be able to leave the hospital within a few days.

Mrs. E. J. Smith of Sasakwa who was operated on ten days ago for appendicitis is doing nicely and will soon be able to leave the hospital for her home.

Mrs. Paul Alderson entered the hospital Monday for medical treatment.

AMERICAN SHIPS TAKE TRADE FROM OTHER COUNTRIES

(By the Associated Press)

NEWCASTLE-ON-TYNE, Eng.—Scandinavian shipowners have been hard hit by the competition of American ships which have developed a big business since the war in carrying coal to Norway and Sweden. In consequence, the Scandinavians have decided to lay up 400,000 tons of shipping in their home ports for an indefinite period. This has seriously reduced the coal trade of Northumberland and Durham, Eng.

The Scandinavian shipping men have cancelled numerous contracts for the construction of new tonnage at British yards.

HARD ON THE POETS

"I'M SCHEDULED to recite 'Anna-bell Lee' at an entertainment to-night," confessed the retired merchant. "I've been repeating the poem to myself almost constantly for several days, and know every comma in it, but I'm afraid that when I stand up to recite, I'll have forgotten every word of it."

"I hope so," said the hotelkeeper. "Such a poem as 'Annabel Lee' deserves better treatment than you are qualified to give it. You have a voice like a guinea hen, and you telescope your words, and you

don't know any more about poetry than a porcupine knows about Paradise. If you'd stand up and recite a few pages from a mail-order catalogue I have no doubt you'd put the proper feeling into it, and move your audience to tears, but it's a crime for a man like you to mangle a beautiful poem, full of sentiment and melody.

"There ought to be a law against that sort of thing. Some of the best poems in the country have been ruined by common or garden elocutionists. Nowadays people smile when you mention 'Curfew Must Not Ring Tonight.' It has been recited so much by people with cracked voices that it has become a joke. Yet if you examine the poem calmly and impartially you will find that it has a great deal of merit.

"In the schools the pupils are permitted to recite some of our best poems, and the poems aren't fit for anything after it. The school authorities should prohibit this sort of thing, and prepare a volume of cheap asbestos poetry that is fool proof, that can't be injured, no matter what you do to it. There is plenty of punk poetry in the world, and a collection of this stuff would serve the schoolboy elocutionists just as well as the high class poetry that is so easily spoiled.

"When I went to school, about a hundred years ago, there was a tall, freckled, gangling boy, who talked through his nose, with a sort of whine that sounded like filing a saw. There was to be a school entertainment, and this boy was down for a recitation. The teacher never asked him what he was going to recite, but gave him the right of way. Teachers continue to make the same mistake, even as we go to press. They should choose the poems which are to be butchered to make a Roman holiday and select something that won't rip, ravel or run down at the heel.

"This boy stood up before the school and droned through Gray's 'Elegy.' Now, that's one of the best rhymes ever composed. It was written by a journeyman poet who put in seven years at it, in the time when they had ten-hour days. He wanted to leave behind him a poem that would stand the severest tests of the government inspectors, and he did. In my opinion there is nothing better in any language. It is rather melancholy, but it has a sort of doggone soothing quality that is a balm to the bruised spirit of a landlord when he finds that the receipts of his hotel don't equal the expenses.

"Time and again, when discouraged and played out, I have started to read that poem, and as soon as I get fairly into it, I seem to see that blamed gangling schoolboy, in his high-water garments, and hear him droning through those verses, making a noise like a sawmill on a wet day. It's more than forty years since he made a violent assault upon the Elegy, but it seems like yesterday. It's the same way with Hamlet's 'Soliloquy.' Every time I hear or see that gem I think of a fat youth who recited it in our school, and then I burst into tears.

"There's no sense in such a business, and congress ought to do something, doggone it."

After March 4 one of the interesting old games revived will be postoffice.

HOPS PROVE A VALUABLE CROP

Yield Greater Profits Since Country Is Dry, the Report Shows.

WASHINGTON, Jan. 19.—Corn, king of crops, produced an average only \$20.93 an acre to farmers based on December 1 farm prices while hops produced \$486.10 an acre, according to averages for the country as a whole issued by the Department of Agriculture. The value per acre of hops in 1919 was \$874.75 while corn's average value per acre was \$38.49. With the exception of rye, cranberries, soy beans and sorghum sirup the average value per acre last year showed heavy reductions from 1919 because of the declines in prices.

Wide variation is shown in the value per acre of the various crops, while the averages for different states show a broad range for each crop. The average farm value per acre of the important farm crops as estimated by the department of Agriculture for last year and for 1919 follows:

Crops	1920	1919
Hops	\$486.10	\$874.75

Cranberries	213.37	184.96

CATTLEMEN ASK REDUCTION OF FREIGHT RATES

(By the Associated Press)
WASHINGTON, Feb. 7.—A reduction in freight rates was asked today by the Interstate Commerce commission by six of the largest cattlemen's associations of the west. Their spokesman told the commission that market prices of sheep, cattle and wool had fallen so low that western cattle raisers and farmers are no longer able to sell their products for enough to pay freight rates.

"The More Shortening the Richer, the Cake"—A Common Misunderstanding in Cooking

Equal to Butter in richness, but you use 1/3 to 1/2 less Mazola, and why

ONE great fault with many cooks is to use too much shortening in their cakes and pastries. This very often causes cakes to become heavy and indigestible, and pie crusts soggy and pasty.

All animal fats have this tendency. They contain more or less water. This prevents the heat from breaking up the starch granules properly.

Mazola is free from all moisture, as found in butter, lard and ordinary cooking fats. It is absolutely 100% pure vegetable fat.

Being already a fluid it does not have to be melted. It makes the tedious and timewasting "creaming in" process easier—which is so annoying when you use lard and other old fashioned compounds.

Perfect Pie Crust Easily Made

You can make the most delicious pie crust with Mazola—crisp, brown and flaky. You will want to eat every last morsel of it.

Cakes, bread and biscuits are light and wholesome, for the starch granules are thoroughly broken up. This is one reason that cakes and pies, cooked with Mazola, are better digested than when cooked in animal fats or compounds.

For the Finest French Pastry

The finest French pastry is now being made with Mazola. It is more delicate in taste, and with a greater richness than any other pastry; for Mazola gives richness and avoids soggy.

You will find a new delight in your Layer and Chocolate Cake, Pound Cake, Coffee Cake and Ginger Bread—made with Mazola.

Mazola is more economical too. You use 1/4 to 1/3 less for shortening than butter, lard or compounds.

Many great institutions, that study cooking values—as clubs, hotels, hospitals, sanitariums; dining car, lake boat, and trans-Atlantic steamer service use Mazola as a cooking and salad oil.

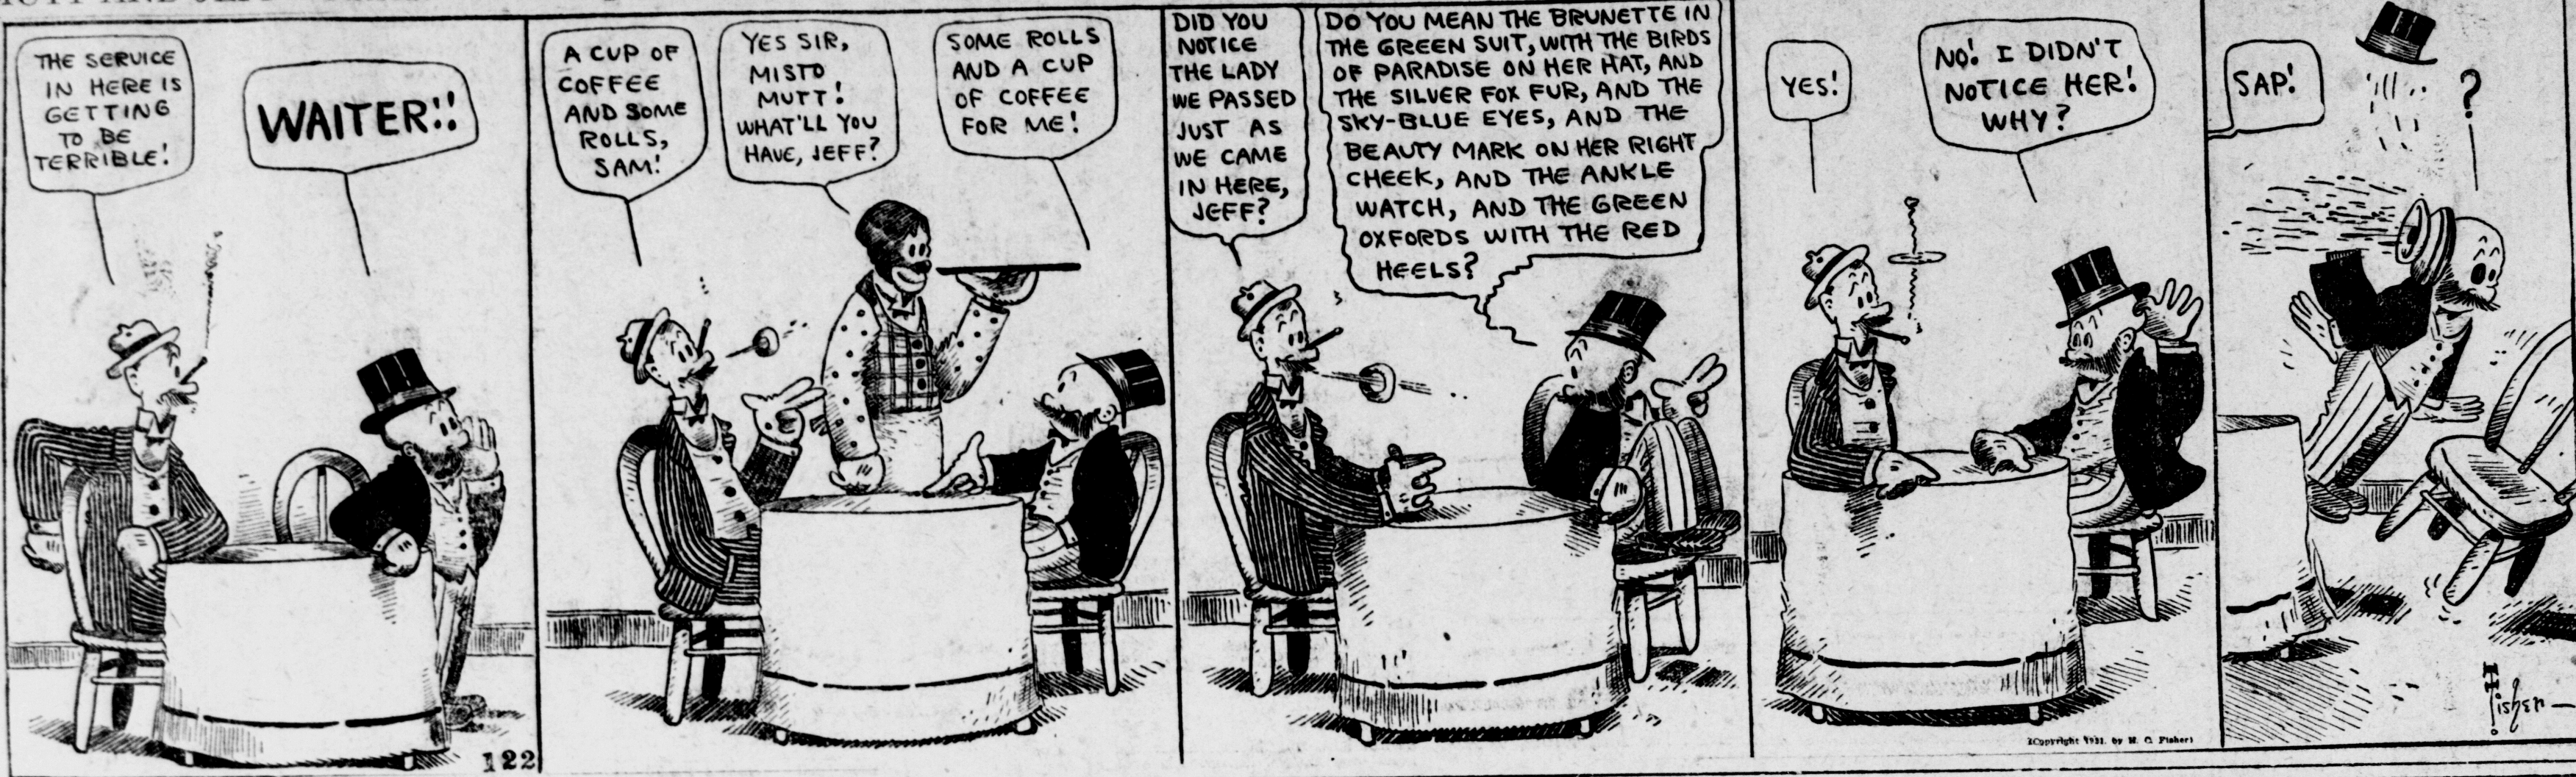

Sold by all leading grocers in pint, quart, half-gallon and gallon cans.

ENGLAND MAKING EFFORT TO SETTLE IRISH PROBLEMS

Parliament To Offer Plan
for Home Rule To
Sinn Fein.

(By the Associated Press)
DUBLIN, Feb. 7.—Interesting rumors are circulating in Dublin today regarding fresh efforts the government is making to effect a settlement with southern Ireland. The belief is growing that an important development may come to life when parliament reconvenes. According to one report the government is trying to bring the Irish leaders into line with a well formulated scheme to persuade the south to accept the petition provided for in the home rule act and work under it. This version of the reported plans have it that the prize to be offered for acceptance is a grant of the full fiscal autonomy to both sections of Ireland. This could be coupled, so far as the south is concerned, with an offer to release the political prisoners and to Irish republicans generally, including members of the Irish republic army and even men "on the run."

Soldier Relief.
Soldier's relief legislation is on the calendars for both branches of the legislature for consideration early this week possibly today. The house is also expected to discuss immediately the bill to erect a permanent hospital for soldiers in Oklahoma, to cost eight hundred thousand dollars.

Appropriation committees from the senate and house are to meet jointly today, Wednesday and Friday to whip into shape the budget bills carrying appropriations for maintenance for state departments and institutions.

BUSINESS PICKING UP IN JUSTICE COURTS

"Business is gradually getting back to normal," said Justice H. J. Brown. "Business is picking up," was the reply of Justice W. H. Fisher, when a representative of the Evening News inquired about matters in their courts today.

During the past two weeks the district court has been in session and the two judges of the lower courts have been forced to keep their frail backs near the shore and stand at attention while the big ships sailed out to sea.

With Judge Brown brief cessation of business came a holiday. It is an old, old story with him, this justifying of the peace is. Back in the early days when the south Canadian was but a struggling brook which a man could step across anywhere between Bying and Salt Lake City, Justice Brown was the same Justice Brown who rules the court today. Since that early day old Father Time has run his lean fingers through the judge's hair and tinted it gray in places, but Mr. Brown insists that he is getting old in looks only.

Judge Fisher is rather new at the justice dispensing business having succeeded to the commission vacated by "Uncle" Joe Anderson January 1. Somehow he can't just get used to the marriage ceremony. Uncle Joe could reel off the leading questions as libly and with as little concern as though he were saying "What kind of tabacker do you chew?"

Judge Fisher says he is learning and does not notice the creepy sensation in the region of the spine so much as he did a month ago. He insists that he can tie the hymeneal knot as tight as the chief justice of the supreme court.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Lustre At Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray, and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two its natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger.

Do Ada Men Sleep in Nightshirts?

Cub Reporter Pries Into Bedroom Secrets

By the Cub Reporter
How many men in Ada sleep in nightgowns?
In the evolution of the times there has been a constant drift away from old modes of living. The world still rolls around and around, as it always did, and man experiences practically the same emotions felt by the first man and woman. But every day, it seems, new ideas are being born. Among these, will there be one to replace the old flannel nightgown? Has the comfortable though old fashioned sleeping garment worn by our grandfathers given way entirely to silk pajamas and new fangled contraptions?
"Here, cub," the city editor said "go out and interview some eminent authority, get all the dope you can and hush this night gown question out."
That's what it means to be a cub reporter. I threatened to turn bolshevik. I threatened to quit, I even suggested suicide, but nothing doing.
"Go and get it!" was the hard-boiled ultimatum.
Right here I found out for the first time that a newspaper man can blush.
"Well, what do you sleep in?" I asked him, and you should have seen his face get rosy.
That guy let me understand forthwith that I had better beat it which I did.
When I left the office I went around to the postoffice, from force of habit maybe, trying to think just who would be an eminent authority on such a matter. Finally I hit an idea by which I believed I would be able to get the dope, and going to a certain Twelfth street undertaker I engaged him in conversation, leading up to the question in a manner to keep him from guessing my real purpose, for some

undertakers are particular fellows, especially concerning their bedroom secrets. He was quick to get my meaning in the questions which I asked but the following is the result of my efforts:

"I sleep in a night shirt," he said by way of explaining his stand on the subject. "and what's more I like to sleep in one. These pajamas are uncomfortable and I can't sleep well in them. As to whether any of my friends use them or not, I don't know, but as for myself I will take a good old cotton night shirt. Silk is very flimsy, if as good, to sleep in than cotton goods, but I am in a position to use it, if it were," he concluded when asked his opinion of the silk shirt.

By the time I had extracted this much from him he had found me out and I beat it with his threats ringing in my ears. You see these undertaker fellows are not to be fooled with.

I then turned my footsteps toward Dr. M. C. McNew's office hoping to find more of what I wanted to know there. Dr. McNew is a nice fellow and does not threaten you with a burial like my other friend, Doc. Doc is an eye, ear and nose specialist.

"I am in favor of the nightshirt," was his profound decision, "and I believe that the night shirt is more comfortable and healthful than the pajamas. Of course there are many people who like to sleep in pajamas, and there are others, who like me, prefer the night shirt for that comfort."

When I broached the subject of the silky and new fangled contraptions which so many of the people are now taking to, he was not able to go much into detail about it, saying that he had never tried them and was therefore un-

able to give any positive facts about the matter.

"However," he stated, "most doctors will tell you that people who are affected with nasal and throat troubles should wear woolen garments, both night and day in the winter."

Thus finding that I had secured as much of the dope as was possible I left.

Other people with whom I talked were of the opinion that the new fangled things for night wear were not predominating over comfortable, old fashioned sleeping garments, at least not in this city. Mind you, I said "opinion."

If there are any citizens here who read this far into this classic epic who have any definite facts about the stuff which the hardboiled city editor wants to know about, let them please not say anything about it. I thank you.

Will pay 10c a copy for 10 Ada News of Saturday, February 5. See Mr. Emel Held at Harris Hotel, 2-8-1td.

SAFEGUARD AGAINST THAT AWFUL "FLU"

Now Swamp Chill Tonic

It Away

When influenza comes, it comes swiftly, without warning. Be on the safe side—be prepared to fight this dreaded thing, by keeping SWAMP Chill Tonic on hand all the time.

Then, at the first sign of "flu", take a tablespoon (for adults) of SWAMP Chill Tonic, followed by a glass of water, at night on going to bed. This will do the work—quickly and surely.

SWAMP Chill Tonic is just as good for influenza, colds, grippe, etc., as it is for malaria, chills, and ague. Most folks keep a bottle of SWAMP Chill Tonic on hand at all times. They find it can't be equalled as an all-year-round remedy. Contains no calomel, and is pleasant to take. Prescribed by leading physicians. 60c at all dealers—get a bottle today.

AMERICAN RED CROSS FEEDS 50,000 CHILDREN

(By the Associated Press)

BUDAPEST—An American Red Cross kitchen has been opened here to feed 50,000 children but the misery among adults, according to Captain Pedlow of the Red Cross, surpasses even that of Vienna.

"They hide their suffering through pride and they revolt at the idea of asking help from foreigners," Captain Pedlow said. "To help them one must conceal the charitable aspect of the work."

"I have seen much poverty but never anything like that of Budapest."

In Vienna, he said, American and other foreign aid had brought

some relief while virtually nothing had been done by the outside world here.
